On a final note, I would like to thank the committee and all HCMC members.

Together we make this great club the success it is and will continue to be, great fun and camaraderie.

I look forward to seeing you all at round 3.

Cheers

David Gapes

President

HCMC WA

## Historic Nationals:

AHRC <http://macparkraceway.org.au/>

The Mount Gambier Motor Cycle Club, in association with Motorcycling Australia, are excited to announce that the Australian Historic Road Race Championships will be held at McNamara Park Raceway October 29<sup>th</sup> – 31<sup>st</sup> 2021. With optional practice on Thursday 28th. 'Mac Park' is ideally suited to classic bikes of all ages and the committee is looking forward to ensuring the event is a true celebration of historic motorcycle racing.

\*\*The club has advised there are other community events being held in the Mt Gambier region at the same time as this event so if you are looking for accommodation, perhaps book earlier than later.

### Transport to Historic Motorcycle Racing Championship Mount Gambier 29th - 31st October 2021

There are no current bulk transport options to get machines to this event. Most members are collaborating to drive machines across for the Nationals.

### Update July: HCMC dedicated Vehicle number plates -Ed.

We are waiting for Committee endorsements prior to turning the HCMC vehicle number plate idea into a reality. Feel free to express your interest in a set to me directly.

## **CONCESSIONAL LICENSING UPDATE/REMINDER**

This article is primarily for members with a bike(s) on code 404 concessional licence with DoT or anyone who is considering applying for a concessional licence.

It seems from some correspondence that I've received lately that DoT are conducting an audit of concessional licence holders so I thought it might be a good idea to publish a little reminder for those who might be affected.

Firstly, you need to be a financial club member to be eligible for a concessional licence, so it pays to make sure you keep your membership up to date. HCMC memberships expire on 30 November each year and DoT does not allow a "grace" period, so you need to pay on or before that date.

Also, you need to display an "Historic" plate on the back of your bike, either above or below the number plate.

So, when can you ride your bike if it's on a concessional licence?

According to the rules laid down by DoT, you can only ride your bike:-

- (1) on "approved" club runs;
- (2) for "road testing"; or
- (3) on impromptu runs.

The only approved club run on the calendar at present is a weekly run on Tuesday morning to Perella's cafe in Darlington, but anyone can organise a club run. All you need to do is let the club secretary (Annie) know in advance with the details.

You can take your bike out for "road testing", provided you stay within 30 kms of home (or wherever the bike is normally garaged).

If you want to travel more than 30 kms from home (an impromptu run) you need to let the club secretary (Annie) know. Just send a text or email with details of who you are (if texting), when and where you're going and which bike you'll be riding. This is so that, if anything should happen on the run, you'll be covered by your concessional licence.

This may seem like a lot of red tape but it's really not that hard to do. The subtext is that, because there are so many vehicles (mostly cars) on concessional licence and therefore the government is missing out on a lot of revenue, the system is under scrutiny.

**We need to remember that concessional licensing is a privilege and not a right. If we abuse it, we may well lose it.**

If you would like any further info or clarification, please get in touch with your Club Secretary & Registrar, Annie Tregger on 92956142/0400777572 or [secretary@historicracing.asn.au](mailto:secretary@historicracing.asn.au)

*Happy Riding!*

Good luck to those members entered for this weekend's racing with MCRCWA

### HCMCWA 2021 Event Calendar

14/15 August	INTERCLUB ROUND 3
