## Editors Intro

Hi all,

There has not been a lot happening since last race meeting apart from the preparation of race bikes for the State Champs!! So, this newsletter will be brief. We hope to present our next newsletter with a full wrap of our State Championships results along with news and rumours from the pits. Good luck to all participating in the event.

Don't forget Michelle will have some dedicated 2021 State Champs merch for sale and there will be a booster raffle with heaps of great prizes to win, so bring some cash along!

“Dave’s still not here man”. I understand Dave is mending albeit slowly and painfully but is looking forward to our State Championships, even if he is on the sidelines.

I saw Tony Logan today and he is also on the mend, but the shoulder is still iffy. That did not stop him riding his 916 though, not much stops TL. His DR is a write off though.

Our past Patron Steve Riley was also injured on the same trip as Tony, he fared slightly better with broken ribs and a bike with barely a scratch...

We also hope Adam Parsons is healing well.

## HCMC WA STATE CHAMPIONSHIPS

## VALE - BRETT PRESTON 24/9/66 -31/8/21

Today family and friends farewelled Brett "Hollywood" Preston (BHP). Brett had a battle with cancer over the last few months, but the disease was very aggressive, and ultimately it took his life. He will be keenly missed.

For those of you that knew Brett, he was a larger-than-life character that filled rooms (and pits) with his presence, you always knew if "Presto" was around. Brett raced with the HCMC WA for many years and was also a Club President. In my day he was riding a GSX1100, and I remember him as a fabulous wet track rider on slicks and just as handy in the dry. Presto won plenty of races and a few State Titles along the way. He ran number #84 and always had the colour red in his livery.

A life cut way to short, VALE Brett.

-ed

Brett Preston.

## Historic Nationals:

**AHRCRC** <http://macparkraceway.org.au/>

The Mount Gambier Motor Cycle Club has unfortunately postponed this event again due to the ongoing Covid19 issues.

## **HCMC dedicated Vehicle number plates -ed.**

The Committee has endorsed the progression of having our own Club number plates for passenger vehicles. I am still collecting member names and preferred plate numbers so feel free to put an EOI in. Next will be putting the application together with our preferred plate (the black one) before I get back to each person that sent an EOI regard next steps. Sorry guys not much action by me in the last month. I hope to have the process completed before the end of the season.
